Program Description

FNA Head Start promotes cultural identity of Alaska Native and American Indian families, while giving children the educational, physical, and social skills and tools to have a great *head start* towards school readiness. Developmental, Social/Emotional, and Health screenings are part of Head Start requirements to help ensure that all children are receiving individualized services that are necessary to best meet their needs. Head Start seeks to obtain additional services for them when needed. Head Start works with families to connect with partnering community agencies for additional resources that they may need.

Program History

FNA Head Start opened its door in 1993. The original site, the Poldine Carlo Building dedicated to one of FNA's founders, provided part day services for 60 children and home base care for 22 children. The original program had 15 staff members.

In 1998, FNA expanded, and opened Early Head Start at 609 3rd Ave, and served an additional 80 families in center base and home base options.

FNA Head Start has grown through the years, and in 2014 FNA restructured its Early Childhood Division, bringing Early Head Start and Head Start together to operate as one program. FNA Head Start 0-5 has a staff of over 50, providing Center Base services to children in three sites: The Poldine Carlo Building, 609 3rd St., and our newest site in the McKinley building. The FNSBSD has partnered with FNA, offering use of a classroom in the Nordale Elementary School to provide services to children. Home Based Services are also offered to families. Head Start 0-5 is currently funded to serve 303 children; 136 Head Start slots for children age 3-5, and 167 Early Head Start slots for children age 0-3.

Program overview

FNA Head Start 0-5 accepts applications from all families of the Fairbanks North Star Borough. The children enrolled in FNA Head Start 0-5 are guided in developing social skills, physical fitness and educational tools that give them a head start towards school readiness. All children receive appropriate developmental screenings and referrals as needed. The program is inclusive and promotes cultural identity of Alaska Native and American Indian families through onsite activities and field trips to cultural events such as the Festival of Alaska Native Arts.

- ☼ **Center Based (Ages 6 weeks - 5 years):** Center based services focus on health, nutrition, education, and cultural activities.
- ☼ **Part Day Services:** FNA Head Start has 6 Part Day Classes, 3 morning classes and 3 afternoon classes. This service is open Monday through Thursday, 4 hours per day, September – May.

☼ **Extended Day Services:** FNA has 8 Extended Day Classes are for parents/guardians who are in training/school, searching for work or currently employed. The Extended Day Classes are open Monday through Thursday, 10 hours per day, September – August.

☼ **Combo – Home Based/Center Based (Ages 3 to 5 years):** There are 2 Head Start Combo classes. This service is a Preschool Classroom / Home Visiting combination. The children meet for classroom experiences twice a week with one monthly home visit by their teacher/home visitor between September and May; this adjusts to weekly educational home visits during the summer months.

☼ **Home Based (Prenatal – 5 years):** This option offers weekly educational home visits as well as twice monthly socializations. These services are offered year round.

All options receive services from our Part B and Part C educational partners.

~All enrolled Head Start children are eligible and participate in the CACFP (Child & Adult Care Food Program). ~

~This institution is an equal opportunity provider. ~
